

Additional Charges for Years 7 to 10 2022

In addition to the essential activities that are covered by Parent Contributions and Charges, a range of **possible and optional** activities may occur in 2022.

It is unlikely that all of these events will occur during the year, and difficult to forecast the exact cost. Department of Education requires the college to include all **possible** college activities and their potential cost. The purpose of this is to indicate to parents what the cost of activities may be throughout the year. To assist parents' budget, the estimated and potential charges are listed below. Teachers organising these activities will always aim to keep costs to a minimum. If you have any questions regarding this information, please contact the college.
